Recognizing those who helped with the betterment of our community.

Listed with their accomplishments if known.

The above should be expected of every adult and taught to every child and made the human law for all.
If harmers were punished we could have a wonderful world.

Freedom of speech and media safeguards freedom.
Our Constitution and Universal Declaration of Human Rights gives us many Freedoms.
Where they censor speech, information and books they will take away your freedom.

FREEDOM ISN'T FREE, MANY DIED FOR YOURS. We veterans remind you to: Be vigilant and be prepared to fight threats to your freedom. There are many here who are secretly against our way of life. Remember 9-11, Boston massacre, Detroit bomber, Mslm terrorists who nearly caused hundreds of deaths of children and Warren workers in 2026. And over 49,000 Mslm terror attacks since 9-11 worldwide and killing nearly 200 in USA.

And there are the greedy 1% who have excessive wealth dodge taxes, and Corporations who don't pay a living wage. We now have the resources to provide good clothing, food, housing, medical care and education to all citizens..

Before the first entry we acknowledge that there are many Heroes and Volunteers who declined to have their names put in this history because they choose to do good work anonymously. I will call these our Anonymous Heroes. Several of these have put in hundreds of hours doing good work in our community. We give them our thanks and gratitude for their wonderful works.

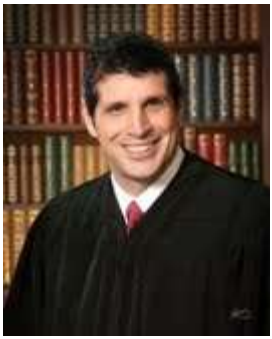
Sabaugh, Matthew P 37th District Court Judge HONORABLE MATTHEW P. SABAUGH Judge Sabaugh is very proud of his Italian, Lebanese and Polish heritage. He and his wife Rachel reside in Warren with their three children (Alexander, Sophia and Gabrielle.) Judge Sabaugh started the "Court in School" Program in 2008, in which actual court cases are seen by Middle School and High School students. This program allows students to witness the dangerous consequences of drug and alcohol abuse. The program has received positive feedback from students, teachers and school administrators. Judge Sabaugh is a board member of the Traffic Safety Association of Macomb County. He is also a member of the State Bar of Michigan, Ma-



comb County Bar Association, Michigan District Judges Association, Italian-American Bar Association, Warren Kiwanis Club, and the Detroit Zoological Society. He served as a mentor in Governor Granholm's 2000 for 2000 Mentor Initiative. In 2008, Judge Sabaugh received the Resolution Center Conflict Resolution Advocacy Award. He also received the Italian-American Bar Association's Kenneth Rancilio Memorial Award for 2012.

Judge Matthew P. Sabaugh was appointed by Governor Granholm in 2008 and was re-elected by the voters for a 6-year term ending January 1, 2019. Prior to being appointed in 2008, Judge Sabaugh served 8 years as Assistant Prosecuting Attorney for Macomb County. As an Assistant Prosecutor, Judge Sabaugh prosecuted hundreds of criminal cases in Macomb County District and Circuit Courts and successfully tried numerous felony

cases. Born in 1971 and raised in Warren, Judge Sabaugh attended Warren-Woods Public Schools as well as Macomb Community College. He graduated from Warren-Woods Tower High in 1989. He earned a Bachelor of Science in Resource Development from Michigan State University in 1993. Judge Sabaugh graduated from the Detroit College of Law in 1999, where he attended night classes while working full-time as legislative assistant for the 28th Michigan House District-representing the cities of Warren and Center Line.

Sawyer Eugene US Army Korea

Sawyer Eugene was an outstanding Warren citizen. He served in the US Army in the Korean war. He worked as a repair technician for Detroit Edison. Married Mary Lou. He was active in his homeowners association and attended and spoke at many City of Warren council meetings. He uncovered some shady practices in the City of Warren and brought them to public attention. Eugene Sawyer was one of the few persons who spoke out about the removal of the veterans memorials from Warren Union Cemetery. He did this in spite of his overloaded schedule. He cared a lot about his city and he did a lot for us. We who knew him loved him and we owe him a debt of gratitude. He died in 2012.

Schemm Leonard was a Warren farmer in the 1870s. A public school was built on his farm at corner of Nine Mile Road and

Hoover. I call it the Leonard Schemm School. Historian Mike Grobbel thinks it became the old wooden Washington School.

Schindler, Greg A local area writer and poet. autobiography: I'm told I was born most small and useless at a very young age. Fortunately I was in a hospital at the time—Grace Hospital in Detroit. And even more fortunate was the happenstance that my mother was right there in the same hospital with me. Mom's name is Anna Bernice English Schindler. Born Gregory Allen Schindler, I was a wee little scrawny know nothing of a runt. The hospital had no use for me, so after a couple days, they sent me packing, and mom and dad took pity on me

and brought me home to Warren. Dad didn't have so many names like Mom, just Walter Schindler. Not even a middle name. There on Essex Street, they say I ate quite a lot and grew bigger inch by inch sort of slow but pretty normal, and I kinda smartened up a tad, though not abnormally much. But my memory didn't kick in till sometime after I turned two and the family escaped from Warren to Center Line. There were four of us then because I was born having an older brother—a pest named Terry Dale Schindler. Most of the time that pest description was a mutual thing with us. We moved into a house on Helen Street built by my dad and two of his brothers—Uncles Fred and Harold. Dad had three more brothers—Art, Bill, and Rich—and three sisters Florence, Otelia, and Clara. All six boys served in World War II and miraculously returned physically unscathed. Dad worked at Woodall's factory more than thirty

years, but for spare money, being a highly skilled gardener, he sold many plants and cut flowers to florists and at the Royal Oak Farmers' Market. We kids earned our extra money helping him in the garden. He was also a talented vocalist who sang solos in the church choir, soloed at weddings and sang with the prestigious Detroit Rackham Choir. Most members of that choir are high school choir teachers. He was also quite a good chess player—an even match against our family doctor.

My mother began working at Hudson's Department Store soon after my youngest brother entered first grade, commuting by bus to downtown Detroit. Kathy, Brent, and Brian are my younger siblings. Mom was skilled as a portrait photographer and floral arranger, and she became a masterful seamstress. Dad built her a darkroom upstairs and she earned the family a bit of extra money with her photography. As of this writing,

she's ninety-nine and ailing, but still quite alive. She was born in Port Huron in 1920. Dad was born in Detroit in 1916. He passed away in 1990. I lived at 8072 Helen Street in Center Line while attending Victory Ellis Grade School, Busch Junior High, and Center Line High, where I graduated in 1964. As well as I can recall, I was an above average student, but not an outstanding one. I was very good at figuring things out, but had a mediocre memory—tended to forget my homework too often. In fifth grade I was one of the two best chess players in the class—even beating the teacher, Mr. Miller, on rare occasions. I learned the game from my dad and brother, but Mr. Miller taught me a bit too. We played at lunch hour and sometimes toward the end of the afternoon.

Mom had read Terry and me Black Beauty, Robinson Crusoe, Treasure Island and a few other books at bed time when

we were young. I think that's why we became quite voracious readers. We'd read with flashlights under the covers some nights because we couldn't put the book down. We devoured the Hardy Boys mysteries and every horse story by Walter Farley, also some science fiction and biographies. I guess I did read some heavier stuff though. I recall when one librarian at the local library wouldn't let me take out a rather thick book about Easter Island, thinking I couldn't read it. But I asked a librarian who knew me better, and she said yes. I had no trouble reading it, but found much of it a bit boring.

At Center Line High I recall that I was a B+ student—mostly Bs with a few As and an occasional C. I recall my biology teacher once asking who my English teacher was. I was curious as to why he'd asked me that, so I queried my English teacher, Miss White, about it. She smiled and said he'd shown

her a somewhat lengthy paper on evolution I'd written and asked whether I was capable of writing it. Of course she told him it appeared to be my writing. Apparently he'd suspected plagiarism, so I guess I was a fairly good writer then.

My creative writing teacher also was encouraging. In his class I most often wrote poems similar to those of E. E. Cummings. I recall that he sent some of our writing away, and a classmate and I were published in a high school anthology—my poem and her short story.

I attended Wayne State U. three years, then transferred to Eastern Michigan U. There I received a bachelors' degree in education in December of 1969. But I quickly realized I wasn't meant to be a high school teacher. I taught journalism, creative writing, and English in 1970 and left for San Francisco in 1972. California shortly thereafter.

In the S.F. Bay area I drove a cab, and met and married my wife, Susanna. There we managed a 21 unit apartment building. We enjoyed Oakland and being near Berkeley, but the endless, summer weather gave me the strange feeling that no time was passing. I was in a time warp. Then, when her dad died in 1975, my wife missed being near her mother and siblings, so we moved to New York. In Oakland we'd also found a small earthquake a bit "unsettling".

We lived at 103rd & Riverside until 1979, we managed a 72-unit apartment building for about two years before moving to Michigan. The main reason for that move was that we were thinking about becoming parents and agreed that Manhattan was not an ideal place to raise a child. So we moved into a flat a few doors from my parents on Helen Street in Center Line. Our son and only child, Seth, was born in 1980 and I began working for

the Michigan Department of Social Service in 1981. I was employed there until 1998 when I decided to start a taxi company—Red Dot Cab. In 2008 I retired, giving my cab company over to my brother Brian.

In 1985 we had moved to a mobile home park in Macomb Township because the house we lived in on Helen Street house was sold. So our son Seth attended the Macomb Township school system. After graduating from Chippewa Valley High School, he went on to Oakland University, Freiburg University, and Clark University, where he got a PhD. Today he's a professor at Manchester University in England.

My wife, Susanna, had also matriculated at Oakland University, where she received a degree in education in 1991. She taught third grade for ten years at a Catholic school.

We moved to our current home in 1999. In Sterling Heights I retired and continued my writing and my hobby of daylily hybridizing. I've registered about a dozen daylily cultivars, and published seven books in several genres—poetry, children's, science fiction, and adventure.

I could recount a million memories of times spent in California, New York, and Michigan—most good, some bad. Raising my son has been one of the best parts of my life. I've said that had Sue and I known how great raising a kid was, we would have had more, but as the eldest ten children, my wife did much child raising before she left home. She wasn't interested in starting a large family.

Philosophically, Sue and Seth and I are all well to the left, as, I believe, are most educated people.

I'm working on another book of poetry, songs, and short stories, and I play pickleball often for enjoyment and exercise. Sue and I live in Sterling Heights now. Our son is currently a professor at Manchester University in the UK and I have published seven books-- Poetry, children's books, science fiction, and an adventure fiction book. My book web site is <g-a-schindlerauthorpage.com>, where you can learn all about my books.

Schmidt, Ben was an internationally famous wood carver decoy maker known around the world. His decoys helped hunters because they were tested. Some of them sell for over a thousand dollars each. He was a famous wood carver who operated out of a shop on Van Dyke. He made many kinds of decoys. People

used to come in and watch him carve at his shop on Van Dyke where Paul Lukes restaurant is now. He would go tout to the tip of Belle isle and test out his decoys early in the morning.

Schreiber John M pastor of St Clement Center Line

Schreiber John M was assigned to St Clement church in 1886 through 1890. At that time the parish extended from Woodward to Jefferson and from Eight Mile to Fourteen Mile. But the closest Catholic church was actually Ascension at Gratiot and six Mile Road. The record keepers one of which may have been him did not particularly strive to keep records in a clear readable

form. When I transcribed the St Clement records many years ago it was not uncommon to have to spend many minutes trying to decipher names. They were particularly negligent in making the first letter of the name readable.

John C. Sexton Jr. Rank/Branch: E4/United States Army

"Unreceptive certainly describes the attitude encountered by recently upgraded* Army Staff Sergeant John Sexton, who in 1971 was suddenly and without warning released from a VC prison camp near the Cambodian border. The possibility existed that the camp was actually inside a part of Cambodia controlled by communist guerrillas. It was difficult for POWs to decipher their precise location. At first Sexton was accompanied by NVA soldiers who made him walk point, as the Air Force man killed by First Force Recon had been made to do, but he was then abandoned near the small town of Snoul in Cambodia to make

his own way back. Sexton, who was dressed in black pajamas and carried a message from the communists asking for reciprocity for his release, said that once he reached American lines no one on his own side was interested, other than to impress upon him that be was to keep his mouth shut. For a long time he felt that it might have been more convenient for his own side if he had died in prison camp. For years after his return, he could not speak at meetings held by the families.

Kurt Mccrary stated: For 26 months **Sexton** never talked to another American. He lived in a 4 by 8 foot shelter in the ground where he was unable to stand erect. A half-inch under 6 feet, Sexton once was a thick-chested 185 pounds. He lost 50 pounds. At night, when he was **shackled, mice crawled in his hair.** He went months without a bath; it was a constant struggle not to lose his mind. He thought at times of just giving up and dying.

of other prisoners without an ever-present government representative to insure his silence. He still feels that his own government had somehow become persuaded that he bad been turned by the communists and that was why he had been chosen to be released. His only crime was to have fallen into the hands of the

enemy after being severely wounded. He was shot in the head, blinded in one eye, and incapacitated in one arm. His medical care was minimal but be is still grateful that the enemy applied the primitive medicine of setting maggots to clean out his wounds. He suffered torture and interrogation for two years. There was never any proof that he had in any way collaborated with the enemy. REMARKS: 711008 RELEASED QUOTED from SPITE HOUSE, page 161

Shaw, Megan CLHS 2003

Shaw, William (Bill) A He lived in the Van Dyke area with his family and wife Marion. He first worked at a trucking company.

Was mayor of Warren from April 1961 – April 1967 and was Warren Township Treasurer for eight years prior to that. He had also been part of the Warren City charter commission. Gerald Neil stated that under Bill Shaw Warren moved smoothly ahead. He stated that there were a tremendous number of improvement projects such as road paving, drains the water treatment plant and key officials died of natural causes. He mentions that the huge growth of the city required expansion of the refuse pickup system and more funds were needed. After much consideration Shaw found that the best solution was to contract the refuse collection out. This caused layoffs. This and all of the related problems related to the city's growth caused Shaw to lose the confidence of the voters. (Neil DP 48) Mayor Shaw once drove a tank from the tank Arsenal, worn Van Dyke on a rescue mission after a heavy snowstorm clogged the entire city. After being defeated

by Ted Bates Shaw retired from politics and went into business with friends at Martin Road and Hoover. After a visit to Scotland he died at age 66 in 1985. (per Fred Gemmill)

Sigur Mariann CLHS 1963 autobiography: On Mon, Nov 18, 2019 at 6:11 PM Mariann Zander <mariann@zanderindustrial.com> wrote: Hi Wes, Thanks for taking on this project. I would like to add my biography to your collection. My Brother Tomas, who very sadly passed away in 2015, and I grew up on Mound Road in a small brick bungalow behind my parent's

greenhouses. We were literally raised among the thousands of flowers produced by our Dad. Our parents were without question two of the most wonderful people God ever put on this Earth—now looking back at my 73 years, my greatest hope and wish would be that my children, grand children and four great grand daughters will remember me as fondly as I remember my parents. My achievements are much greater than I ever expected, in so many ways. I got a great education—first at high school, then graduated with a degree in Education from Eastern Michigan University and just missed getting my Masters by a few hours (something I still regret). We grew up with a strong ethnic influence, Dad was Croatian and Mom Italian—so we had fun trying to speak 3 languages at home and to our grandparents who all lived close by. I taught school for only a few years. I loved the kids but hated the Bureaucracy. I married

Nicholas Zander in 1967, we have two sons, James and Nick II who are truly my greatest accomplishments. They have both proven to be hard workiing honorable men with self worth and great integrity. My husband Nicholas has been at my side for 55 years. He is a good man who has never let me down. Nick and I opened a building and real estate development business in 1969 and never looked back. We worked non-stop for 50 years and had great success. Our main business is the construction of large industrial buildings that we build and then lease out. We have traveled all over the world and even have a vineyard in Croatia. I run our offices here in Michigan and love coming in everyday. I know all my tenants, their wives, kids and even their dogs! Our kids and their kids all work in the "family business" and everyone is getting on. I am pretty involved in the Croatian Community in SW Michigan, and St Lucy Croatian

Catholic Church. I was the President of Croatian American Center, and Parish Council member at St. Lucy for many years. I sponsored Fashion Shows with Lord and Taylor and the Croatian Women's Club for 22 years and we raised enough money to rebuild an orphanage in Croatia and provided for many kids heart transplant operations. Nick and I and another family, organized the world premier of the movie “Gospa” at the Fisher Theater and raised a sizable amount of money to help the Capuchin Soup Kitchen and needy Detroit area children. I was on the board of directors for the International Institute of Detroit for many years as well. And, while those things are great and exciting, when you put you head on the pillow at night-- you hope you did your best to help people who needed a hand, and cried and laughed with the people you love. Its been a joy, and if

God calls me home tomorrow, I will go in peace and say—

“Wow! What a ride!”

Jean Mary Skavery; St. Clement High School, Class of 1959

Born in Shenandoah, Schuylkill County, Pennsylvania in 1941, she came to Michigan as a baby when her father went to work in the auto industry as they converted for World War ll. Originally, Jean grew up in what was known as Van Dyke Township on Maxwell Street and attended Ascension grade school for 1st and 2nd grades.

The family moved north to Central Street in Center Line in 1950 and Jean started her 3rd grade at St. Clement Grade School. Jean finished grade school and high school at St. St. Clement, graduating in 1959, before attending the University of Detroit University.

Jean Skavery married another Center Line resident, Roger Laske, who attended De La Salle Collegiate and lived on Edward Street. The couple were the first to be married in the “new” St. Clement Church on

September 9, 1961. The couple made their first home in the Kramer Homes Coop on 10 Mile Road.

Jean and Roger raised three children, Deborah, David, and Michelle.

Sadly, Jean Skavery Laske passed away in March 2020.

Smith Michael first Center Line village police and fire chief.

Smith Michael Two men, Joseph A Rinke and Michael Smith opened an hardware and agricultural implements business just north of the church. Later Smith opened a lumber yard at Ten Mile and Sherwood. It was behind this store that the first public water system was created. They built a big wooden tank and shared water from the well with the local farmers and St Clement School. They also installed the first gas pump in 1910 and sold gasoline one gallon at a time. Kids used to climb it in the winter and skate on the ice.

SMITH NORMAN CHIEF Center Line Fire Department

1970. Rose from the ranks was a fireman in 1957-late 1970s. Was a Center Line Good fellow, Conservator of St Clement Cemetery, auditor Metropolitan Club 1976. Norman Smith was appointed to Sergeant in1957. Was a caretaker at St Clement Cemetery for several years. He helped out many charitable organizations. He worked with St Vincent De Paul and the Goodfellows. Looked after St Clement Cemetery for many years. He helped many people.

Smith Norman worked at auto parts store started as a volunteer Fireman in 1953 retired in 1981

Obituary for Norman "Rudy" Smith

Norman "Rudy" Smith age 91, a longtime Center Line resident, died 2-8-2020. He was preceded in death by Mary 'Mickey' (Oberliesen) his beloved wife of 61 years. Loving father of

Gerri (Joe) DeLamielleure, Mark (Kathy), Nancy (Gary) Paja, Barb (Glenn) Miller, Ellen (Harvey) Stroyan, Theresa (Kevin) Nielsen, Tim (Kathy), and Phil (Janet). Dearest grandfather of 27 and great-grandfather of 21. He is survived by his brother Francis 'Pete' and many nieces and nephews. Preceded in death by siblings; Alfred 'Bud', Eileen, Elaine Deyo, and Delores 'Toots' McGuire.

Norm retired as Fire Chief of Center Line, he was active in Fr. Kramer Knights of Columbus and St. Vincent de Paul Society. Many years of dedication to St. Clement Dad's Club, Center Line Goodfellows, St. Clement Cemetery, Rotary Club, International Association of Fire Chiefs and Michigan State Firemen's Memorial. Norm was a proud graduate of Detroit Catholic Central High School (1946).

Visitation at Rudy Funeral Home, 25650 Van Dyke, Thursday 2-8 PM and Friday 1-8 PM with a 6:30 PM Rosary. Instate Saturday 9:30 AM at St. Mary Our Lady Queen of Families Parish (St. Clement site) 25320 Van Dyke for 10 AM Mass. Memorials may be made to St. Vincent de Paul Society at St Mary Our Lady Queen of Families Parish 12251 Frazho Rd. Warren, MI. 48089, Visit www.rudyfuneral.com to light a candle or share a message

Well that is the official obituary but here is a little more info. Wesley Arnold first met norm when he was just a boy who lived with a crippled mother add an aged grand father. His family was poor. Norm was a member of this Center Line good fellows and brought Wes's his family food and a check at Christmas. Later he gave young Wes a tour of the fire station. As the years went

by after after Wes got out of the army and also became a volunteer fireman and Goodfellow. He discovered that Norm Smith was a great Fire Chief and a very good person. Norm made efforts to do good things and treat everyone fairly.

Years went by and I interviewed norm and he had quite a bit to tell me about local history. We would go out to lunch and every time I would learn something new about local history. Norms lifetime experience was a valuable source of knowledge. His family had owned the farms that became Olivet Cemetery. Then the family worked there in the early days.

Of particular interest was his experience as the sexton of Saint Clement Cemetery. He was a source for some of its history. He told me how some years there more bodies removed then buried there and how sometimes an undertaker would just pull the corpse out of the casket and leave the empty casket in the grave.

He was the first to put this cemeteries records on a computer. He spent hours doing this. Then the parish got a new priest who did not like computers. The administration sometimes with new priest hires new staff and sadly and stupidly let's the old experienced staff go. Both the new staff and the priest we're not in favor of keeping records and especially on computers. So the computer with all the records was disposed of without saving all the records that had been put on it. Many valuable records were lost which was not norm's fault.

We often met Norm at dad's club pancake breakfasts and at other occasions and norm was always a source of good information. He had a good attitude and sensible outlook on life. He was a good example and an inspiration to many others. He is missed by many.

was stolen by the Warren Hysterical grave robbing gang in 2011 without just cause. They have stolen at least five memorials including a memorial to all veterans and those who died in attacks on our country. (Such as Pearl Harbor and 9-11) More memorials are now missing. They do not own the memorials or the cemetery. This was done in secret without a vote of the membership or a public hearing. Nothing was found wrong with these memorials at a public meeting afterwords. This shows disrespect to our soldiers and those who died including 400 policemen and firemen. We veterans want these memorials replaced. See macombhistory.us for details.

Stanley James M. was Village President in 1896.

Stanley Joseph One of the most respected businessmen in the community of Van Dyke was Joseph Stanley, owner and operator (on a daily basis) of Stanley's Department Store. Located at the corner of Studebaker (where the vacant Executive Motors building now exists), it provided a variety of small goods and materials for the neighborhood at reasonable prices. The owner was available to meet and talk to about the community if not his business. He was so well respected that in 1960, the Warren Chamber of Commerce cited him as the Citizen of the Year. Mr. Stanley showed his commitment to his community through membership in the Van Dyke Rotary Club, where he was a past president; was a sustaining member of the Boy Scouts, a member of the Community Fund Advisory Board, chaired the United Fund of Warren Township and the War Bond Drive. He was also Treasurer of the Warren Goodfellows. By Fred Gemmill

Born in 1893 served among the Polar Bears in the North of Russia for 18 months. He was credited with bringing the city of Center Line out of debt from the depression. This was a courageous and dedicated man according to dozens of people of that time. See Bert Hazen's biography of him in the Warren history. He started as clerk in 1934 and was appointed by every mayor for 23 years thru 1957. He turned down other higher paying offers. He worked long hours without an assistant. He worked sometimes without pay. He saved the Center Line's credit rating during the depression. He worked hard in spite of sleepless nights due to cancer. He deserves recognition as a local hero. He was honored

by the people of Center Line by a packed dinner in his honor three months before he died.

STEWART DALLAS J U S Army **World War Two Europe,** Algiers he survived the war and became a master auto mechanic. He helped many people the writer of this being one. The true value of people is not the wealth they accumulated it but the help that they gave to others. It is like love to enjoy it you have to give it away.

STEWART DALLAS J Veteran U S Army WWII Europe, Algiers

Stewart Daniel J kept a daily diary of activities from 1868 - 1902 It is in the Warren library as Diary of an American Farmer.

Stewart Daniel John 1839-1902 wrote a diary of daily happenings from 1868-1902. He noted the temperature, weather, work that was being done, who died and the cause. Over a thousand pages of actual first hand daily history. There was singins and barn dances and preachins and barn raising Bees, and plowin

and quilting Bees. If you read Daniel Stewart's Diary there was even a farmers traveling band. If you visited a neighbor you would most likely be invited for dinner. This series of diaries is now being transcribed by humble historian Wesley Arnold. It tells about life in 1800s and is available free at macombhis-tory.us

Stilwell Harold born 1907 He was brought here in 1914 by his parents Ray and Gertrude. He was a good track runner in high school. He attended Eastern High School in Detroit then went to Michigan State in Lansing Michigan. He liked to bowl and bowled the only 300 game in early Center Line history. He married Rose Qualmann in 1938 at St Paul's church in Warren Village. They had two children Ray and Judith. He was a Printer and a Newspaper man. a City Councilman, early volunteer on the Village of Center Line Fire Department, member of the Center Line Board of Education in 1953, Secretary Center Line

Board of Education in 1957. He ran a Printing company. Was a member of the Cultural Commission. He was Warren City Council Secretary in 1961. Fred Gemmill stated "He served as Secretary of Warren's Council during years when it was not easy being unaffected by agendas being pushed by some faction or another, but his wisdom usually won out over passions." He served also on Warren's Charter Commission during 1956-57 and worked diligently to see that administrative, judicial and legislative bodies were set up to assure taxpayers that hasty decisions or partisan agendas were stalled by deliberate debate. As part of the Commission, he sought outside advice of experts on what form of government worked best for the third largest city in Michigan. Was recognized numerous times as a Citizen of the Year or for special honors by organizations. Said Fred Gemmill. Wes Arnold adds I remember him in his store The Stilwell Press.

I used to bike down to his store on Van Dyke. He was always friendly. Sometimes he would cut us notepads on his big cutting machine. He sold me a hectograph printer. Later I used to buy stencils supplies for my memograph printing machine. He was always friendly to us. He wrote and printed newspapers, booklets, stationery and all things printers print. He edited with Bert Hazen and printed the Weekly Review in the 1930s. He was an active city council member in Warren and a Board member of Center Line Public Schools. I wanted to get him to write a history book but he was always too busy. What a loss as he knew a lot that we will never know. Need More Information

Stilwell, Ray Jr. This biography is still in progress but here is what I have at this moment. b c 1939 Ray grew up in Center Line the son of Harold Stilwell our famous newspaper publisher, printer and city council member. Heard him talk about his childhood and he did not have it easy. He grew up on the family

farm where they had 200 chickens. He describes that in January the Wm Qualman Barn caught fire. The roads had a lot of snow on them, and the flames went high into the air. The neighbors saw the fire and jammed the roads so much that this prevented the fire trucks from getting to the fire in a timely fashion. They had to stand and watch the whole thing burn. Then they started getting things out of the house for fear it would catch fine. He says they lost two draft horses in the fire. He had to work and help out. Since his father was a printer and published the Warren Review, he soon learned to set type, read backwards and all of the things in the printing trade. He also helped out in his father's office supply store. He learned piano from Mrs at the local church and could walk to the library after lessons and do some reading. and later learned to play the organ. He became a professional organist in 1955 and has continued until present.

He has played most of the big organs in our area and in many of the older churches. He was organist at St Paul in Warren and at many other churches including 17 years as the main organist at St Andreas Episcopal in Ft Pierce Florida. Returned to Michigan in 1991. He was also a grade schoolteacher along with his wife Sandy. on Ray has done some historical research and has done much to preserve the Qualman House. He also did the big Warren Union Cemetery sign. He hosted the open house at the Qualman house.

Stilwell, Sandy has done some historical research and has done much to preserve the Qualman House. She has been a supporter of historic causes. She was an elementary school teacher. She hosted the open house at the Qualman house.

Stone Lori M, Now Mayor of the City of Warren need updated biography

was State Representative Lori M. Stone is serving her first term representing the 28th House District, which includes the cities of Warren and Center Line.

Stone is a lifelong resident of Warren. She graduated from Fitzgerald Public Schools as well as the Macomb Mathematics Science Technology Center. Stone went on to earn her bachelor's degrees in Political Theory & Constitutional Democracy and Elementary Education as well as her master's

degree in Science Education from Michigan State University. Stone was a 2017 fellow with the Michigan Political Leadership Program.

As a third-generation educator, Stone has dedicated her life to improving the quality of public education and most recently taught fourth grade at Mound Park Elementary School. With 14 years of distinguished service as a teacher, Stone brings her wealth of experience, knowledge of best practices, and commitment to policy implementation to Lansing. As a proud member of the Michigan Education Association and Fitzgerald Education Association, Stone has advocated for students, teachers, public education, and unions.

An active leader in the community, Stone volunteered for the American Cancer Society's Relay for Life of Warren for 13 years. She served as mentor and buddy runner with Mound

Park's YMCA Girls on the Run program. Stone is a supporter of the Warren Civic Theatre.

While in office, Stone aims to prepare students for the future by addressing the quality of public education, bolster hard-working families, improve the state's infrastructure, and create comprehensive solutions to bring down the costs of auto insurance without sacrificing coverage.
